

AMINOLAST®

RECOVERY & ENDURANCE BCAA SUPERFUEL†

- + 10g OF AMINO ACIDS PER SERVING
- + ONLY 10 CALORIES
- + REDUCES MUSCLE FATIGUE & SORENESS†
- + ACTIVATES MUSCLE BUILDING & REPAIR†
- + IMPROVES EXERCISE RECOVERY TIMES†

TRAIN LONGER. RECOVER FASTER.

Whether it's putting on muscle, increasing endurance, or just trying to look the best you can, it takes persistence. We know this too which is why we spent over 24 months developing AminoLast® based on the latest cutting-edge research. We wouldn't settle for just another "me too" formulation. You want something different. We've created an amino acid product that tastes great, and brings something new to the market to help you reach your goals. Utilizing only the best ingredients without added synthetic colors, we created a superior recovery and endurance BCAA superfuel.†

When you push yourself to the limit, your muscles pay the price. AMINOLAST® with AMMOJECT™ technology is the only product that delivers a high dose of BCAAs, powerful Leucine-enriched peptide amino acids, anti-cramping electrolytes, and AMMOJECT, to rid your muscles of waste products that can cause fatigue. Even better, you only need a single serving per training session instead of "megadoses" which do nothing more than burn a hole in your wallet. From the very first dose . . . you'll notice the difference.†

SUGGESTED USE:

As a dietary supplement mix 1 level scoop (14g) of AMINOLAST with 8-10 oz. of water. AMINOLAST can be consumed before training, between meals, while training, and post workout to boost your amino acid intake.

FLAVORS:

FRUIT PUNCH | STRAWBERRY KIWI | ORANGE MANGO TWIST | LEMON ICE
WATERMELON BLAST | GUAVA NECTARINE | PEACH RASPBERRY
